PROFESSIONAL SUMMARY

Results-driven IT support professional with hands-on experience in incident management, network troubleshooting, and user access administration using tools such as ServiceNow and Active Directory. Skilled in diagnosing and resolving technical issues in fast-paced environments while ensuring system stability and user satisfaction. Continuously developing programming skills in JavaScript and expanding technical expertise to transition into more advanced IT roles focused on system improvement and problem-solving.

PROFESSIONAL EXPERIENCE

Nityo Infotech - Safeway Philtech; Taguig. Philippines

Mar 2025 – April 2026

- **IT Service Desk Analyst**

- Monitor and support network configurations to maintain system stability and minimize service disruptions.
- Diagnosed and resolved network connectivity issues across enterprise environments, reducing downtime and repeat incidents.
- Handled high-volume incident queues with SLA compliance and escalation management.

Phil-Data Business Systems - Cebu Pacific; Pasay. Philippines

Oct 2023 – Feb 2024

- **IT Service Desk Analyst**

- Monitored network performance and identified potential risks to ensure continuous service availability.
- Administered user accounts and permissions through Active Directory and internal systems.
- Coordinated with internal teams and external vendors to escalate and resolve high-priority incidents.

Atos Information Technology Inc; Taguig. Philippines

Oct 2022 – Jan 2023

- **Technical Helpdesk Analyst**

- Delivered first-level technical support via phone, email, and chat for various IT-related issues.
- Troubleshoot and resolved common technical issues including password resets, software installations, and hardware concerns.

E-trade from Morgan Stanley; Makati. Philippines

Aug 2019 – Oct 2021

- **Operations Analyst**

- Managed the processing and distribution of financial assets from deceased clients' accounts, ensuring accuracy and compliance with company policies.
- Reviewed legal documents such as wills, trusts, and court orders to validate beneficiary entitlements
- Coordinated with internal teams to ensure timely and accurate transfer of assets including retirement accounts, stocks, and other financial holdings

EDUCATION

University of Perpetual Help System Dalta

Las Piñas, PH
