PROFESSIONAL EXPERIENCE

IT Service Desk Analyst *Mar 2025 — April 2026*

Nityo Infotech – Safeway Philtech (Taguig. Philippines)

- Supported retail stores and fuel station systems by troubleshooting technical problems affecting day-to-day operations, escalating complex incidents when necessary.
- Diagnosed and resolved Point-of-Sale (POS) and Self-Checkout (SCO) system issues, helping maintain checkout operations and minimize disruptions at retail locations.
- Troubleshoot invoice-related issues and retail transaction system problems, assisting store personnel in resolving operational and application-related incidents.

IT Service Desk Analyst *Oct 2023 — Feb 2024*

Phil-Data Business Systems – Cebu Pacific (Pasay, Philippines)

- Performed laptop formatting and operating system reinstallation or reimaging as requested, following established IT procedures.
- Managed Microsoft 365 license assignments and updates, adjusting employee license levels based on access requirements for Microsoft applications.
- Coordinated with internal teams and external vendors to escalate and resolve high-priority incidents.

Technical Helpdesk Analyst *Oct 2022 — Jan 2023*

Atos Information Technology Inc (Taguig, Philippines)

- Delivered first-level technical support via phone, email, and chat for various IT-related issues.
- Troubleshoot and resolved common technical issues including password resets, software installations, and hardware concerns.

EDUCATION

Bachelor of Science in Information Technology Jun 2015 — May 2019

University of Perpetual Help System DALTA

PERSONAL PROJECTS

Online Portfolio — https://jduma32.github.io/online-portfolio/

- Created a personal website to display my web projects, featuring interactive layouts and responsive design

YouTube Web UI Practice — https://jduma32.github.io/Youtube-Practice/

- Built a front-end replica of YouTube's video layout to practice positioning with CSS Grid and Flexbox.
